Notwithstanding the foregoing, third parties who are subcontractors of Licensee may perform services for Licensee which involve the use of the Software so long as the Software remains on Licensee’s IT infrastructure and so long such subcontractors have agreed to be bound by the terms and conditions of this Agreement.
- 2. Liability claims for violation of material contractual obligations are limited to the typical foreseeable damages, unless intent or gross negligence is involved. This does not imply in any way a reversal of onus of proof against the Licensee.
