

migration-center Meet & Greet Workshop!

Free
workshop*

Experience the power of migration-center in action and onsite

migration-center's abilities will make a positive difference in your business if you are challenged with migrating enterprise content. Convince yourself and let us demonstrate your data working within migration-center in just a couple of days before you lease or buy the whole product.

You are invited to experience the power and flexibility of migration-center through a meet and greet workshop onsite with your whole team. In just two or three days, we will present you with a working migration environment/scenario – with your data and possibly even APIs/connections to some of your systems – to show you how fast and easy you can work with migration-center. You may also invite your local partner so they are onboard from the first minute on. We will train the whole team and give you the best start to your future migration projects.

Benefit

- Minimize the risk of buying a pig in the poke and see for yourself how migration-center tackles your migration challenges
- Start building your own migration team by involving everybody from the first minute on
- Profit from our best practices and get ready for your first migration-center project by evaluating migration-center for a test period of two weeks
- You get to ask all the questions you may have and we will find the best possible solution for your project

- Identify other application areas of migration-center in your company you haven't even thought of yet

Target Group

- System administrators of ECM systems
- ECM Consultants
- ECM Developers
- ECM Experts

Our offer

- 2-3 day workshop onsite (length depending on your project requirements) with one of our product and migration experts for free
- Full documentation of workshop material and product information
- Full evaluation copy of migration-center for two weeks
- Product support for the whole test period

*Your investment

- 2-3 days of your migration team's work time, depending on your requirements
- Travel, allowance and accommodation expenses for our migration-center expert
