

migration-center Training & Deployment Services

Experience the power of migration-center

You are invited to experience the power and flexibility of migration-center through a Training & Deployment Services engagement with your team. In just five days, we will present you with your working migration environment to show you on how fast and easy you will work with migration-center. We will train the whole team and give you the best start to your future migration projects with migration-center.

Benefit

- Gain training & expertise from the fme experts to jump start your use of migration-center
- Start building your migration team by involving everybody from the first minute
- Profit from our best practices and get ready for your first migration-center project
- You get to ask all the questions you may have

- Identify other application areas of migration-center in your company you haven't even thought of yet

Target Group

- System administrators of ECM systems
- ECM Consultants
- ECM Developers
- ECM Experts

Our offer

- 5 day workshop onsite with one of our product and migration experts
- Full documentation of workshop material and product information
